Learning without limits!

Peekaboo With Science

Live Classes

Rs. 2,250

Scan to learn more & register

Coollest and most innovative kids' program to introduce Science, Technology, Engineering and Math (STEM)) in an integrated manner

PROGRAM DETAILS

Dates & Timing

14 July - 11 Aug 2020
(6.00-7:30 PM Tue/Wed)

Study Mode

Teacher led online live classes
Two class per week (90 min each)
Online tests/assignments

Instruction language
English/Urdu

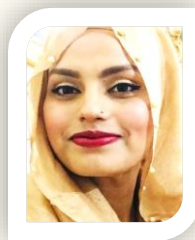

Certificate of Completion

LEARNING THEMES

- ✓ Foundational Physics, Velocity, Gravity, Acceleration
- ✓ Forces all around, Sound and Light, Probability & Statistics
- ✓ Matrices, Geometry, Exploring Computers
- ✓ Coding flow, If-Else statements, looping Techniques
- ✓ Artificial Intelligence, Writing First program

Teacher's Profile

ABOUT THIS COURSE

Anxiety over science subjects has been recognized as a grade killer!!

This course is designed in such a way, that along with theoretical aspects it gives practical insight on the topics by implementing learnt concepts either using physical techniques or by using computer software.

WHAT DO STUDENTS GAIN?

- ❖ Critical and logical thinking
- ❖ Maximize summer time-off
- ❖ Fun way of learning Scientific Concepts
- ❖ Problem solving ability development
- ❖ Hands on experience on Technology and Soft Computer skills

FAAZ SHABBIR

Holding an Electronic Engineering Degree from NEDUET added with Master in Computer Sciences from IBA, Karachi, Ms. Faaz Shabbir is a passionate, career-oriented software engineer. She is in the field of science and technology for a decade, with 4+ years of field experience. She believes in giving back to the society and put the experience, skills and lessons learnt in limelight to see future generations excel in the world of emerging sciences. A hard-working teacher who will make your child grasp tiniest of the details and concepts of thorough scientific techniques and mathematical calculations.
